

HEAVY VOTE EXPECTD TUES.

Another Comanche County Milk Route Put In Operation Thursday

FRITTS MURDER TRIAL BEGINS TODAY

MAY SET NEW RECORD FOR THE PAST 30 YEARS

The biggest vote ever cast at a general election in Comanche county is predicted for Tuesday by the leaders of both political parties. Not since the days of the Populist-Democrat contests of the early 90's when Weaver, the Populist nominee for the presidency, cut into the Democratic vote and the Populists elected a county ticket, has as much pre-election interest been shown. Many are predicting that the vote will be as heavy as the July primary when about 4,300 were polled. Two years ago there were only 1,430 votes polled in Comanche county at the general election for governor and of this number, Dan Moody, receiving 1,262 and Haines, Republican 167.

In 1924, the last Presidential election, 3,231 votes were cast in the county, 2,775 being for the Democratic electors and 456 for the Republicans. Butte received 1,080 votes for governor and Miriam A. Ferguson 2,571. Butte carried three boxes in the county, Gustine 116 to 106, Sidney 76 to 67, and Robinson Springs 36 to 17.

The polls will open Tuesday at 8 o'clock and will close at 7 p. m., and will be held in the usual places. Voters at Comanche Election Box No. 1 will vote at the County Clerk's office and those in Election No. 2 in the old Slider and Lacy building west of the Whippet Station.

The Bull Dogs are coached by John Sullivan, a Comanche product, who will put forth every effort to win from the Indians. A number of Comanche fans will make the trip with the Indians.

TO MARK BALLOT REQUIRES ICARE

Failure to properly mark ticket will result in being thrown out. Regardless of the party ticket voted, the ballot for the general election November 6 must be properly marked before it can be legally counted, and voters are urged to use precaution and see that ballots are properly marked.

It is certain that candidates for the offices voted on in one column must be marked off in all other columns on the ticket. The ballot contains five columns. The first column is the Democratic party, the second Republican, the third Communist party, the fourth Socialist party and the fifth column is left blank for insertion of any other party ticket the voter might wish to write in.

If the voter wishes to vote the Democratic ticket straight, no name under this column should be marked off, but names in all other columns should be marked from top to bottom. On the other hand, if the voter wishes to vote for the Republican electors for president and vice president and the balance of the Democratic ticket, the Democratic electors should be marked off under the Democratic party head and the balance of the ticket left unscratched with the Republican electors left under the Republican ticket scratched off.

The same will apply to the Republican ticket. If voters want to cast their ballot for the Democratic party electors for president and then vote for the Republican State ticket, they should scratch off the Republican electors but leave the balance of the Republican ticket. The same will apply to other columns, also, but the voter should be sure to scratch off all columns or portions of columns except the one they wish to vote.

It is legal to vote for a part of the candidates of each party on the ballot if the voter so wishes provided the ticket is marked to so indicate.

The Chief is making no suggestion as to how the voters should vote. We are only trying to give information that will help the voter to mark the ballot according to law so the ballot may be counted. All names left on the ballot un-

PLAN TO SERVE MORE DAIRYMEN NEAR SIDNEY

Another milk route became a reality for Comanche Thursday when the Peerless Cream and Produce Co. began the operation of a route in the Sidney community receiving a good load of sweet cream and whole milk, on the initial run.

The dairying business of Comanche county continues to develop and with the additional marketing facilities milk production should soon become one of the major agricultural undertakings of the county.

INDIANS DOWN YELLOW JACKETS

A goal after touchdown from the good toe of Gus Meyers, the only one that the Indians have been able to make this year, was the margin of victory last Friday of the Comanche football team over Stephenville, when they won their third conference game. Early in the second quarter Dudley broke through the Stephenville line to recover a fumble by the Jacket center behind the goal line for the lone Comanche touchdown. The Stephenville team had been thrown on the defense by the good punting of Wetzel who on the preceding play placed the ball on the four yard line where Allen killed it.

Stephenville's score came in the third quarter, when Grice scooped up a fumble by Keeter on Comanche's 30 yard line and in a clear field ran for a touchdown. The try for point failed.

Dudley's defensive work for Comanche stood out, time and again his alertness threw the Jackets for losses when he would break through their line and smear their plays.

Barham, Captain and quarter for Stephenville, was the outstanding player for the Yellow Jackets and both he and Wyly, fullback, were consistent line plungers, while Stockton at half was uncanny in receiving passes.

The Game By Plays
Stephenville won the toss and elected to defend the west goal. Dodson kicked off for Comanche against a strong wind, the ball being killed on Stephenville's 40 yard line.

Barham plunged center for one yard and then tried left end for 4 more; Lees pass to Mobley failed. Lee punted to Dodson on the 11 yard line, returned 7 yards.

Story lost 2 yards on an end play; Meyers went around right end for 8 yards; Wetzel punted; Stephenville penalized for off side; first down Comanche. Comanche penalized 15 yards for holding. Wetzel punted to the Jacket's 40 yard line.

Barham went around left end for 12 yards. Stockton lost a yard at right end; Wyly made 3 yards over center; Lee made 10 yards at right end; Wyly was thrown for a 2 yard loss at left end; Stephenville penalized 5 for off side. Dudley went in for Dutton. A long pass failed; Greer threw Barham for a 4 yard loss; Stephenville penalized for holding; Barham again thrown for a yard loss; Lee punted to Everett on Comanche's 28 yard line.

Everett made 3 yards on an end run; Story got 2 more at the same place; Wetzel punted to the 33 yard line and on the next play Lee punted to Comanche's 30 yard line. Meyers fought his way through the line for 9 yards as the quarter ended.

Second Quarter
Everett recovered a fumble for a 4 yard loss. Wetzel got off a long high punt to the 4 yard line where Allen killed the ball.

He died a few minutes after the accident and before medical aid could be given. Interment was made at the Mercer Gap cemetery Monday afternoon, Rev. S. D. Lindsey conducting the services.

Hollis, with his eight year old brother, O. D. Jr., went to the lot to turn out the horse a little after sun-down. The horses which had just finished eating were running and playing and one of them as it passed the youth kicked him above the heart, he never regaining consciousness after the blow and died within a few minutes after being carried within the house.

He is survived by his parents, and a three year old sister, Nora Jo; and O. D. Jr., age 8.

FORMER CITIZEN CHARGED WITH HASKELL MURDER

Bill Fritts, 35, former Comanche county citizen is held in Abilene charged with the slaying of D. W. Hamilton and his son, Earle, at their home near Rockwell, Wednesday, Oct. 24.

An indictment charging with murder was returned by District Court Tuesday at Haskell.

Fritts trial was set for Friday, and a special venire of 100 ordered. In discussing his plight with authorities Fritts gave a vivid description of the two days and nights he was hiding in cotton fields near Judd, Haskell county. Many times, he said, possumen armed with rifles passed within a few feet of his hiding place.

When he saw capture was inevitable, Fritts said he made his way to the home of John Epley, a farmer friend, and asked that he telephone Flourney to come and get him. He declared he would have surrendered to no other officer.

Fritts, veteran of the world war, talked freely to officers and reporters but denied he fired the shots that killed Hamilton. He asserted that he was accompanied to the Hamilton home by three companions, whose identity he refused to divulge. He declared he had seen none of the three since the shooting.

An account of the alleged murder and events leading up to it taken from the Abilene Daily Reporter is given below.

Liquor Case Defendant

Fritts had been indicted several times in Haskell county, for liquor law violations and theft, some of the cases going back to 1920. Recently six indictments were returned against him, in liquor cases. One case, in which Earle Hamilton was a state's witness, was scheduled for trial at Haskell last Monday, but had been reset to Oct. 29.

Mrs. Dudley Hamilton told officers Thursday that her husband and son were afraid of Fritts that they had been told he had said "I have only one bad witness against me. It will be too damned bad for the ones who testify against me." The family had retired last night, Mrs. Hamilton said when they were hailed from outside the house. She answered the visitor who said, "I want to see Earle Hamilton."

"Who are you?" Mrs. Hamilton asked.

"Bill Fritts," was the answer.

Father and Son Responded

The elder Hamilton accompanied his son to the porch. Fritts was standing outside. He said he wanted to talk to the boy alone, but the father refused. The three men sat down on the porch, and Fritts demanded that young Hamilton leave.

ISSUES WARNING AGAINST SPREAD OF TURKEY DISEASES

Mrs. Elizabeth Temple, poultry specialist in the employ of the Frisco Railway Company on her visit in Comanche county this week lays special stress on prevention of the futher spread of poultry diseases among turkeys and urges that drastic prevention measures be taken to protect this industry.

Two years ago Mrs. Temple warned Comanche county turkey raisers against the spread of infectious diseases. Last year she again called this to the attention of the poultrymen and pointed out the fact that the danger was spreading.

This year is called a "bad year" for turkeys by the growers. Many of the flocks consist of undersized birds in poor flesh at market time. Some turkey raisers have lost all or practically all their turkeys dur-

ing the growing season. Those in position to know say that the Comanche county turkey crop is cut short one-fourth this year through the numbers of growers is greater than ever before.

According to Mrs. Temple, some of the sections where turkeys have been grown in great numbers have had to abandon this field of activity.

Nearly sections of Texas where turkey growing has been going on a bigger scale than in this county and for a longer time report as much as fifty per cent losses this year. Comanche county will have the same experience unless efforts are made to prevent the spread of diseases, Mrs. Temple warns.

Among other preventative measures Mrs. Temple suggests are:

SMITH-MOORE

Miss Margaret Smith and Mr. L. S. Moore were very quietly married Monday evening, Oct. 22, at eight o'clock at the Presbyterian manse. The marriage service was read by Rev. Ulmer, pastor of the Presbyterian church, North Columbia street, this city.

The only attendants at the wedding were Mr. and Mrs. Earl Gough, Miss Ruth Naylor and E. A. Blanchard.

The bride is the youngest daughter of Mr. and Mrs. Joe Smith of West Tarleton avenue. She was reared in this city, receiving her early education in the public schools here, and after graduation from the Stephenville High School, entered John Tarleton College, finishing at that institution with the class of 1927-28.

She was much admired by a large circle of friends among the younger society set and was also quite popular among the students with whom she had been associated during her school days at both the high school and college.

The groom, who is known in this city by the familiar nick name of "Ike," is also a graduate of Tarleton College, later taking his B. A. degree from senior A. & M. College at Bryan. He came to Stephenville from Comanche and is the son of Mr. and Mrs. C. M. Moore of that city. He, since coming here has

studied body and faculty of the college and also among the citizens of the town. Mr. Moore is connected with the Tarleton College faculty as professor of chemistry, having taught in that department at the college for the past four years.

Mr. and Mrs. Moore expect to make their home in this city.

WARNING AGAINST TURKEY DISEASES

(Continued from Page 1)

The purchase of breeding stock, only from flocks that are free from disease; The treating of all turkeys for worms just before the laying season and the treating of all birds brought into the flock as well as the treating of all flocks where the birds do not appear thrifty.

One evil Mrs. Temple especially warns against is the purchase of breeding stock from produce houses after the breeding stock has been exposed to hundreds of other birds from infected flocks and which is covered by the following statement from County Judge R. A. Luker:

Last year we had considerable losses from diseases among our turkeys. This year the losses are still greater. At a meeting of the 25 of this month this matter was discussed very thoroughly. Methods of combatting were gone into. As in other things it is agreed that prevention is better than remedy.

It was agreed that the most prolific source in spreading the disease is the practice of some in getting some of their breeding stock from produce dealers. See how it works. The produce dealer buys healthy birds and infected birds. They are all put in the same pen. A grower comes along and buys a perfectly good specimen. There is hardly a chance that this bird has not been exposed to and probably contracted disease in that pen. You take this worm infested bird to your farm and the next spring wonder why your losses are so great. It is done in all innocence. With the progress these diseases are now making it will be few years until the ranges will all be worm infested so that we will have small chance of combating the disease. Then we will be out of the game as other places are.

It was decided at the meeting above referred to that one of the best things to do immediately is for no breeding stock to be bought or sold at the produce houses. The risk is too great. About as wise to put a child in a pest house for a few days and then send it to public school. We cannot take the risk. All should cooperate in this grave situation. The farmers and produce dealers should get together at once. The produce dealers should all enter into an agreement that they will resell no live birds locally. This within itself will not cure the trouble. It is too wide spread; but such a practice put in effect will greatly retard the spread of disease and give us a chance to head it off.

NEWS FROM COUNTY Supt.

Every school in Comanche county will be in operation by Monday, Nov. 5. There are 49 common school districts and independent districts having less than 150 scholars in Comanche county. These are under the direct supervision of the county superintendent. There are four independent school districts having between 150 and 500 scholars. These schools manage their own finances, otherwise they are under the supervision of the county superintendent. Comanche and De Leon, since they have more than 500 scholars, are entirely independent of the county superintendent. The total number of all public schools in the county is 55 which employ 200 teachers.

An election will be held at the Mountain View School Saturday to determine whether or not that school will be consolidated with the Blanket school. No school is being conducted in that district this session, most of the pupils having transferred to Blanket.

Travis Cunningham returned Wednesday from Lockhart and he and Mrs. Cunningham will move to San Antonio Monday where they will spend the winter.

CELEBRATES GOLDEN WEDDING

Mr. and Mrs. J. H. Williams, pioneer citizens of Comanche county, celebrated their golden wedding at their home in Comanche Sunday when nearly a hundred friends and relatives gathered for the occasion. It was a double celebration for Mr. Williams as it was also his 79 birth day.

Of the nine children of Mr. and Mrs. Williams, all were present except Bob Williams and family and Mrs. C. E. Cozart and family of McFarland, Calif. All of their 35 grand children except Lucille Williams of Brownwood, Grady Williams of Stamford and Mr. and Mrs. Peston Williams of Ozone were present along with four great grand children. Despite the large number of their own children, Mr. and Mrs. Williams, found room in their home to rear three orphan boys who were given as much care and consideration as their own children and for whom they still hold a warm place in their hearts.

Sunday was a happy day for Mr. and Mrs. Williams and for their children, and the many relatives and friends who were present.

A splendid dinner served on the lawn at the noon hour with many beautiful flowers the gift of friends used as decorations was one of the features of the day which will be long remembered by those who were present.

ENTERTAINS FRIDAY BRIDGE CLUB

One of the most clever and original parties of the season was given by Mrs. George B. Black, who entertained the Friday Bridge Club and a number of guests at her country home Friday, Oct. 26.

The Halloween spirit was carried out through the afternoon and evening in the minutest details. The reception rooms were tastefully decorated in Autumn leaves, chrysanthemums and Halloween motif. The prevailing colors being black and orange.

The guests were met by ghosts who silently directed them through the rooms, dimly lighted with lamps subdued with weird faces to where the hostess awaited and welcomed them. They were then sent to the living room where a ghost gave score cards.

After four tables of bridge, a number of appropriate and amusing games were played. "The Unlucky Handshake," "Ghostly Scrawl," "Witches Sweep" and "Unlucky Grim" which proved to be very lucky, for when caught with the forbidden grin they were banished into the dining room.

The dining table laid with places for 24 was very clever and artistic

in its cover or orange with tall tapers of orange held by squashes. The center piece was a pumpkin house, with a witch flying from the chimney on her broom, with a green picket fence surrounding it. A black cat sat on each post and owls and skeletons were stationed at various places over the yard. The little spook house held favors which were tied with ribbons leading to nut baskets which marked each place. The favors proved to be paper hats with a fortune concealed. The hats were worn and the fortunes read, lending a carnival air.

A delicious four course turkey dinner was served, during which a little contest of riddles was enjoyed.

Four of the Camp Fire girls, Misses Nina Lou Stephens, Kathleen Greene, Marion Lucile Donaho and Jo Gray, under the direction of Miss Sarah Thomas assisted in serving.

At the end of the dinner, prizes were given. Mrs. Will Robinson high, Mrs. J. B. Chilton low for the club. Mrs. Wm. Chilton high and Mrs. Ira Clemons low for the guests. Miss Joe Gray won the cut prize.

The guests were then asked to sing a number of familiar songs and after bidding their hostess good bye were again confronted by Halloween witchery in the form of a very real and most formidable dummy hanging on the terrace and a ghost that beat upon a kettle and sped them away.

Mrs. Black was assisted in receiving and entertaining by Mesdames Henry Moore, James Slack and E. C. Weisendanger.

Besides the club members the guests were Mesdames Ned Robbins, J. D. Slack, Wm. Chilton, Henry Moore, Elmo Montgomery, Howard Kilpatrick, Ira Clemons, Jack Cauley, Jack Moore, Preston Tate, A. J. Cunningham, J. B. Allcorn, J. A. Barton, Inez Palmer, R. T. The new Buick
is the new Style

Men and women on every street--
--in every city and town--are pronouncing the new BUICK with Masterpiece Bodies by Fisher, the most beautiful automobile of the day--

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized--when imitation was destroying individuality--these epic Buick creations introduced an entirely new mode--

A mode of body-symmetry--of size and magnificence--of soft contours instead of straight

lines--of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world!

And as the weeks have passed--and the full significance of Buick's achievement has become apparent to the public--enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

Mr. Albert Garland, of Somerset, Ky., recently said:

"I used to work in the mines, but lost quite a bit of time on account of sick spells I had. I would get to having a bad taste in my mouth, and a very dull, tired feeling and ache.

"My mother told me to try Black-Draught, which I did, and after a few doses I felt much better. Now I take it as soon as I feel the least bad, and I don't get down. I certainly can say that it has done more for me than any other medicine I have ever taken.

"I never get without Black-Draught. If I go on a visit, I take a package along in my suitcase. My health is better now than it has been in years."

Black-Draught is prepared from medicinal roots and herbs, of highest quality. Price 25c. Try it.

A BONE DRY VIEW

I am dry. So is the bootlegger. I am dry because I hate booze. He is dry because that's what makes his business. Now the dries have prohibition and the wets have booze. I don't like it that way. The bootlegger does. I want prohibition that prohibits. The bootlegger don't. Hoover says it is a noble experiment and should be worked out constructively. That he will pursue the present policy. Smith says he would change the law to make it more effective but if not will enforce as it is. The bootlegger likes it as it is and will vote for Hoover. I want an honest man to make an honest effort to enforce the prohibition law and will vote for Alfred E. Smith. He never broke a promise. It's a fact. Don't get mad. That won't help.

Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

Inspection Service at 500, 1000 and 1500 miles:

Check battery
Check generator charging rate
Check distributor adjustment
Check carburetor adjustment
Check lights
Check brakes
Check shock absorber adjustment
Check tire inflation
Check steering gear
Change engine oil
Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

FORD MOTOR COMPANY

TO OUR CUSTOMERS

The enormous amount of extra labor and cost to us on account of the large number of checks we are forced to return each day because of "INSUFFICIENT FUNDS" compels us to make a small charge for this extra and unnecessary service. This charge will be only twenty-five cents. To avoid this charge arrange for your overdraft before you give the check.

FRITTS MURDER TRIAL BEGINS

(Continued from Page 1)

Mrs. Hamilton heard her son say, "I told them I got it from you," and she also heard her husband declare that the boy would not leave.

The shooting followed immediately. Clyde Grissom, district attorney at Haskell, says the evidence indicates that Fritts suddenly shoved a pistol against Dudley Hamilton's breast and pulled the trigger. His death was instantaneous.

Young Hamilton jumped from the porch and dashed around the house in flight. His mother heard him running, and the pursuing shots as Fritts followed. He attempted to find refuge in the house, from the rear, but the second shot brought him down as he stumbled across the threshold, already mortally wounded.

TO MARK BALLOT REQUIRES CARE

(Continued from Page 1)

scratched under any given party column are taken as the ones the voter wishes to vote for, and the same office must be scratched off in columns other than the one voted for if there is a candidate's name thereunder.

A line drawn down the column will suffice. All names of candidates must be marked through except those for whom the voter wishes to vote. For instance: In voting for Governor Moody the voter should mark a line through the name of all other candidates for governor on the ballot, regardless of the party column under which they appear.

In voting on amendments all that is necessary is to strike out the word "for" or "against" in the amendment on which the vote is being cast. If you want to vote for the amendment, strike out "against" If you want to vote against an amendment strike out the word "for." There are four amendments to be voted on.

The complete ticket was printed in last week's issue of the Chief. You are urged to secure one of these sample ballots and to study it carefully.

Mrs. W. T. Savage of Dallas, President of the Rebecca Assembly of Texas, paid an official visit to the Comanche Lodge last Thursday evening when almost the full membership of the local lodge and 25 visitors from Comanche were in attendance.

A degree was conferred upon a local candidate after which eleven men from Brownwood, dressed as ladies, put on a burlesque degree much to the merriment to all present.

After the program refreshments of sandwiches, salad, cake, hot chocolate and coffee were served.

METHODIST CIRCUIT NEWS

There will be preaching services Sunday at 11 a. m. and at 7 p. m. at Indian Creek.

Afternoon services at White Point at 3 o'clock.

This will be our last appointment of the conference year at each of these places and for this reason we would like to have as many of the members and friends of the churches present as possible.

We have held out fourth quarterly conference, but some of the finances are not yet in. We would be glad to have out reports complete a few days before conference meets at Ranger on Nov. 14.
